1 General Questions

Who is this qualification for?

This qualification has been designed for those who wish to develop the skills and knowledge to use parametric modelling drafting and design software packages.

What level is this qualification available at?

Level 1, 2 and 3

What type of qualification is this? e.g. NVQ, Vocational, Diploma

Vocational

What are the Guided Learning Hours (GLH) for this qualification?

It is recommended that 60 hours should be allocated for **each** unit in Level 1 and 90 hours for **each** unit in Level 2 and Level 3.

What is the QCA reference number?

Level 1: 500/1163/7. Level 2: 500/1223/X. Level 3: 500/1224/1

What qualification(s) will this award allow progression to?

The qualification is intended for candidates who wish to acquire skills and knowledge associated with CAD. This could therefore provide a route into employment. The award could also provide for to progress to the more specialised courses currently under development. The qualification can facilitate access to employment in a range of occupational sectors. It can also offer opportunities for those who may wish to progress into similar courses within further and higher education.

2 Specific Information

What publication(s) are available for this qualification?

The qualification handbook and practical assignments are on the website. Please note; the practical assignments are password protected. To obtain the password centres will need to request it in writing on headed paper either by fax to 020 7294 2414 or by post to: Engineering Team, Construction & Engineering Technology Sector, City and Guilds, 1 Giltspur Street, London EC1A 9DD

What are the last registration and certification end dates?

Level	Last Registration	Last Certification
Level 1	31/08/2009	31/08/2010
Level 2	31/08/2009	31/08/2011
Level 3	31/08/2009	31/08/2012

Is this qualification on the National Qualification Framework (NQF)

Yes.
